

Sagar Singh

Full-stack Developer

+91 9867589566 sagarsingh030601@gmail.com Mumbai, Maharashtra
in/sagar-singh github.com/sag030601 MyPortfolio.com

Profile

Full Stack Developer with 2+ years of experience building scalable web applications using Next.js, React.js, TypeScript, Node.js, and PostgreSQL. Experienced in designing RESTful APIs, implementing role-based access control, and integrating databases with secure backend services. Strong understanding of SSR/SSG, modern frontend architecture, and backend business logic. Familiar with Docker-based deployments, GeoServer integration, and performance-focused development. Passionate about writing clean, maintainable, and scalable code.

Areas of Expertise

Full Stack Development | Next.js React.js | TypeScript JavaScript | Node.js Express.js | RESTful API Development | PostgreSQL and MongoDB | Database Architecture | Server-Side Rendering (SSR) SSG | Role-Based Access Control (RBAC) | Docker Application Deployment | GeoServer GIS Tools | Data Filtering | Custom Map Tools | Responsive UI Development | Tailwind CSS Bootstrap | Web Performance Optimization | API Testing (Postman) | Version Control (Git/GitHub) | Agile Development | Debugging Problem Solving

Education and Certifications

BSc, Information Technology Kes College	Mumbai
Full-Stack Development (MERN) Lakshay Institute	Mumbai

Skills

- Frontend Development:** React.js, Next.js, TypeScript, JavaScript (ES6+), Vite, HTML5, CSS3, Tailwind CSS, Bootstrap, Responsive Web Design
- Backend Development:** Node.js, Express.js, RESTful APIs, PHP, Laravel, Role-Based Access Control (RBAC)
- Databases:** PostgreSQL, MongoDB, MySQL, PgAdmin, Database Design & Optimization
- DevOps & Tools:** Docker, AWS LightSail, Git, GitHub, Postman, API Integration, Nginx and Apache server
- Domain Experience:** CRM Development,Workflow Automation, End-to-End Full Stack Application Development, Large-Scale Dataset Management, Data Analysis & Reporting, AI Integration.
- Professional Skills:** Problem Solving, Debugging, Team Collaboration, Communication, Adaptability, Agile/Scrum

Professional Experience

- Web Developer** — SAAR IT Resources May 2024 – Present
Building and maintaining **Government** and **Enterprise Applications** using **React.js, Node.js, PostgreSQL**, and **MongoDB**, with a focus on **RBAC, JWT Authentication, REST APIs, Performance Optimization**, and **Server Deployment**.
- Maha Jal Samadhan (Government Project).....
 - Developed a live Government Grievance Portal, implementing RBAC, Department-Level Workflows, and optimized SQL Queries for high-volume citizen data processing.
- Tree Census Platform (Nationwide GIS Project).....
 - Modernized a legacy system into a scalable React.js + Node.js platform, designing PostgreSQL/PostGIS Databases, integrating GeoServer, implementing JWT Authentication, and managing Apache/Nginx Deployments for large-scale geospatial data.

- HRMS Platform.....
- Built a full-stack HRMS with Attendance Management, Payroll Automation, RBAC, and scalable REST APIs using React.js, Node.js, and PostgreSQL.
- Blueberry Merchant Platform.....
- Developed a scalable MERN Platform featuring Merchant Onboarding, Workflow Automation, Socket.IO Real-Time Communication, and secure backend services.

Personal Projects

- Ai Expense Tracker Application (Next.js, Node.js, PostgreSQL, OpenAI API)
 - Built a full-stack Expense Management Platform featuring AI-powered financial insights, OAuth Authentication, RBAC, and real-time analytics dashboards.
 - Optimized REST APIs and PostgreSQL queries for scalable, low-latency performance. GitHub
- BookHaven E-Commerce Platform (Node.js, Express.js, MongoDB)
 - Developed a full-stack E-Commerce Platform with secure Authentication, Product Management, Search, and Shopping Cart Functionality.
 - Designed scalable REST APIs, optimized MongoDB schemas, and implemented complete CRUD operations. GitHub

Achievements & Certifications

- Certified in Full Stack MERN Development covering React.js, Node.js, Express.js, MongoDB, and REST API Development.
- Secured 1st Place in a Blind Coding Competition, demonstrating strong Problem-Solving and Algorithmic Thinking.
- Awarded the Homi Bhabha Young Scientist Award for excellence in Mathematics and Analytical Thinking.
- Recognized for exceptional Debugging and Troubleshooting Skills in an inter-college technical competition.

Additional Information

- Location: Mumbai, Maharashtra
- Languages: English, Hindi, Marathi
